MediFridge 145L Vaccine Display Fridge

Medical Refirgeration

SPECIFICATIONS

Part Number	3736257
Capacity	145L
Weight	40kg
Temperature Range	+2°C to 8°C
Max Ambient Temperature	30°C
Climate Class	
Min/Max Temp Recorder	Yes
Temp. Controller Display	Digital
Material	Powder Coated Sheet Metal
Voltage	240V
Frequency	50Hz
Current	
Input Power	100W
Power Consumption	1.26kWh/24hr
Air-Circulation	Fan-Forced
Refrigerant	R600a
Electronic Controller	Digital
Charge	
Plug Supplied	Yes, 10A
Feet/ Wheels	30mm Feet at Front. Rollers at back
Temperature Alarm	Yes

Door Alarm	Yes
Audible & Visual Alarm	Yes
Defrost	Off Cycle, Automatic
Internal Light	Yes
Door Type	Low-E Glass + Argon Gas
Door Shape	Flat
Self-Closing Door	Yes
Door Lock	Yes
Door opening (W x H)	595mm x 687mm
Door Style	Right hand hinged
Reversible	No
No. of Shelves Incl. Base	4
Style of Shelves	PVC Coated Wire open rung 7mm apart
Depth of Shelf	3 Shelves at 365 mm, 1 Shelf at 235 mm
Adjustable Shelves	Yes (middle 2 shelves only)
Insulation Type	Cyclopentane
Compliance	MEPS, Complies to QCPP Standards
Data Logger	Available, part no. 350700050
Warranty	5 Years, Parts & Labour

DIMENSIONS

	External (mm)
Width	595
Depth	595
Height	820
	Internal (mm)
Width	491
Depth	510
Height	687
